

## **Group Financial Controller**

Searching for a MuchBetter career?

We are on the lookout for a Financial controller with a difference to join our expanding business. This is a rare opportunity to play a key role in the continued success of this growing business.

This Group Financial Controller position would be a fantastic next step for someone who has a good grounding in financial reporting but wants to make the next step up in their career. The Group Financial Controller will gain significant exposure to project work such as process & systems improvements, automation and setting up new overseas entities in line with company growth. The business is expanding across so this is an exciting time to join.

An ACA / ACCA qualification and an audit trained background would be desirable as would exposure to the Tech, Software, Fintech or Financial Services sectors. However, individuals from other fast paced industries will equally be considered.

### **Key responsibilities**

- Day to day management of the finance team
- Oversee analysis of monthly management accounts and MI reports for effective understanding of the company financial performance.
- Prepare cash flow forecast on a monthly basis
- Ensure compliance with regulatory reporting requirements
- Completion of VAT Returns
- Act as point of contact with the Group's auditors
- Asset with the annual budget process, producing consolidated schedules for both the P&L and Balance sheet
- To support in the creation of an insightful and meaningful management reporting pack ensuring its distributed on a timely basis
- To review, update and ensure compliance with all applicable accounting standards
- To work on ad hoc projects and tasks when needed to meet the demands of the business
- Development of prudent and robust management of all financial controls, systems and processes

### **Skills & Experience**

- ACA / ACCA qualified with a minimum of 5 year's post qualification experience
- Experienced people manager
- Strong written and verbal communication skills
- Good technical accounting knowledge
- Advanced proficiency in MS Excel and accounting software
- Experience building excellent working relationships with all levels of management and across organisational lines
- Excellent attention to detail
- Good problem solving skills with the ability to anticipate problems and resolve issues using own initiative
- Good organisational and time management skills with the ability to prioritise & meet agreed deadlines
- Ability to work collaboratively

## **Person Specification**

- Respectful of the need to maintain confidentiality when dealing with sensitive personal data
- Reliable and adaptable
- Self-motivated
- Demonstrates initiative & innovation
- Always does the right thing for the business, colleagues, clients and operatives
- Always takes responsibility and accountability

## **The Company**

MuchBetter is an eWallet app spearheading innovation in payment technology. We specialise in providing the perfect eWallet solution in more than 180 countries, for now more than 1,000,000 customers. MuchBetter brings together a team of tenacious thought-leaders, re-imagining the business model of payment services and pushing the boundaries and capabilities of a payment app.

With offices in the UK, the Isle of Man, Spain, Lithuania and Costa Rica, our team is multicultural, and our workspace is a place for creativity, change, innovation and collaboration. We employ people who think outside the box, share ideas without restrictions, take pride in supporting the wider team, and are not afraid to ask questions.

This is just the start of our journey and we look forward to hearing from like-minded individuals, interested in joining us.
