

Before you start

Print this guide on A4 paper (210mm x 297mm) at 100% scale. Confirm the correct scale below:

GET YOUR SIZING RIGHT

Option 1: Using a piece of paper

Cut a slip of paper and wrap it around your finger

Mark the point where the paper meets and measure

Use the chart below to determine your ring size

Option 2: Using an existing ring

The easiest way to work out your size is to use an existing ring that fits on the finger you'd like to wear your payment ring and match the inside of the ring to one of the circles below. You should only be able to see the black circle inside of your ring and little to no white paper.

Size: 5

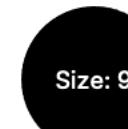

Size: 6

Size: 7

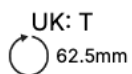

Size: 8

Size: 9

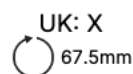

Size: 10

Size: 11

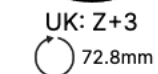

Size: 12

Size: 13

Size: 14

Note: Your ring size may vary slightly during time of day, so its best to check it a couple of times.
